**Question#1**

I have a question related to the Term of the RFP 2018-0089-IT Quote. Is the Term both 36 Months and 60 months that includes a Non-Appropriation Clause?

**Answer to Question #1**

The district will issue a determination on the term of the contract once pricing is obtained. The RFP provides the ability to issue a determination at three years, five years or any combination determined through negotiations.

**Question #2**

The RFP is requesting a quote up to 25 Gig Internet Bandwidth. The ERATE 470 is requesting a quote for up to 10 Gig. Do you require a quote for 10 Gig or 25 Gig?

**Answer to Question #2**

RRPS is looking for a range of bandwidth from 1Gb to 10Gb in 1Gb increments.

**Question #3**

The RFP is requesting a quote on the CPE **Fixed Rate** on a one time NRC Charge and on the CPE **Burstable Rate** a one time NRC and a monthly recurring charge (MRC). The ERATE 470 is requesting a quote for Managed Service - CPE. Do you require a quote for CPE - Managed Router?

**Answer to Question #3**

RRPS is allowing vendors to provide a CPE router or other equipment required to enable the solution the vendor is proposing but it is not required. RRPS reserves the right to purchase or not to purchase the CPE router or other equipment at the sole discretion of RRPS and the selection of the proposed solution(s). RRPS is requiring for the vendor to provide the internet service with a hand-off to RRPS from a demarc as specified in the RFP.
