The purpose of this amendment is to provide RRPS written response to the questions that have been timely submitted – see listing below. *All other BID terms, conditions, specifications, requirements and criteria remain unchanged.*

**Question #1:** Can you give us the number of teachers per grade level for this project?

**Response:** Teachers that will benefit from this professional development are reading interventionists. There are 2-4 teachers at each of the 10 RRPS elementary schools that total approximately 40. These teachers are responsible for Tier 2 reading interventions for students in grades K-3. Approximately half of these teachers have been trained in Reading Recovery and serve first grade students for .5 of each instructional day.

**Question #2:** What is the school district's budget for this project?

**Response:** The RRPS budget for this project is \$15,000 for this year. Because this is grant based funding we hope to receive more funding in future years.
